

You install the tracking system and when you attempt to open it, the following message appears:

You need to download a Microsoft update. This can be found in one of two places:

<http://traksystems.homestead.com/support.html>
Then click "Microsoft Update"

or

<http://www.microsoft.com/download/en/details.aspx?displaylang=en&id=5582>

After installing your update, re-open your tracking system.
